

Learn Techniques utilizing periostomes, luxators, elevators, specialized forceps as well as how to clean the sockets, prepare socket preservation graft materials, hydrate with PRP, along with PRP/PRF membranes and suturing.

Socket Grafting with Extractions and PRP/PRF Hands-On Live Patient Program

THREE DAYS IN THE LIFE: WHAT TO EXPECT

The course is conducted Thursday, Friday, and Saturday for a total of 24 hours. We recommend that doctors fly in on Wednesday afternoon or in the evening and then can fly out late Saturday night or early Sunday morning.

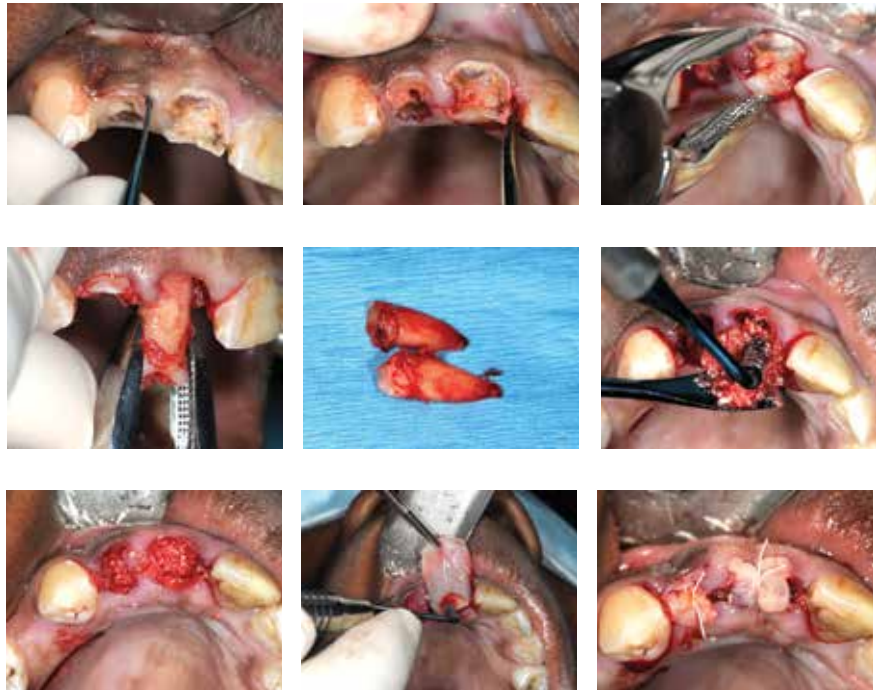

There is going to be a condensed lecture component each day as well as plenty of hands-on experience. Patients are provided in successive order to extract teeth utilizing periostomes, luxators, elevators, specialized forceps, and more. Doctors are trained on how to clean the sockets and also how to prepare socket preservation graft materials, hydrated with PRP, along with PRP/PRF membranes and sutured closed.

There are ample opportunities for question and answer with the faculty. And all of your training will be completed in a fully air-conditioned 26-dental chair American-style clinic with compressors and vacuums. We also have a wide variety of hand instruments as well as hand pieces and electro-motors, if needed. Along with Panorex's, Cone Beam CT scans, and Periapicals are all available as needed.

All the graft materials and all the PRP/PRF supplies, sutures, and anesthesia are also provided.

So prepare for an intense but highly rewarding learning experience!

TRAVEL AND EXPLORE IN STYLE

You can make your flight, hotel and ground transportation arrangements through our travel agent or you can do it on your own. Either way we will provide recommendations for hotels. The one we generally recommend is on the water and approximately five blocks from the clinic. It's a five-star Renaissance Marriott, but there are other options too which include: Crowne Plaza, Sheraton, Hilton.

Excellent evening dining options and unmatched sightseeing opportunities abound in this spectacularly diverse island nation. If you're not too tired, all is waiting for you to explore!

Breakfast is generally included in the Dominican Republic hotels and lunch will be included at the clinic. Dinner and/or sightseeing in the evening will be on your own.

COURSE LOCATION & HOTEL INFORMATION

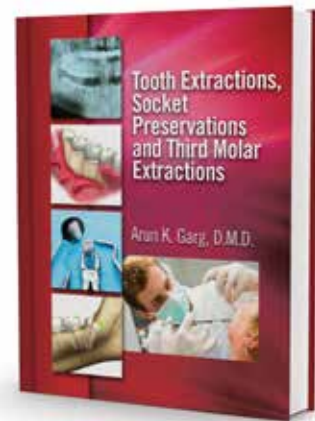

Garg Foundation Institute
(Fundacion Dr. Garg)
Av. Bolívar 259, Gazcue,
Santo Domingo, D.N., R.D.

Renaissance Santo Domingo Jaragua Hotel & Casino
