## PDO THREAD LIFTS IN CLINICAL PERSPECTIVE

Polydioxanone (PDO) is a non-surgical, minimally invasive material and protocol designed to enhance the patient's natural collagen, elastin and hyaluronic acid production as well as to "Lift" the skin. This results in the improvement of the patient's natural look with a smoothened and lifted face, whose benefits last 1-2 years. PDO absorbable sutures have been used for a variety of medical needs, including:

- Dental surgery
- Pediatric cardiac surgery
- Neurosurgery
- Orthopedic surgery

As evidenced by repeated case studies, the procedure provides an immediate visible lift, and over time smoothing and bio-stimulation of collagen production through the process of neocollagenesis. Neovascularization offers unprecedented skin rejuvenation and bio-stimulation. The procedure has also been found to:

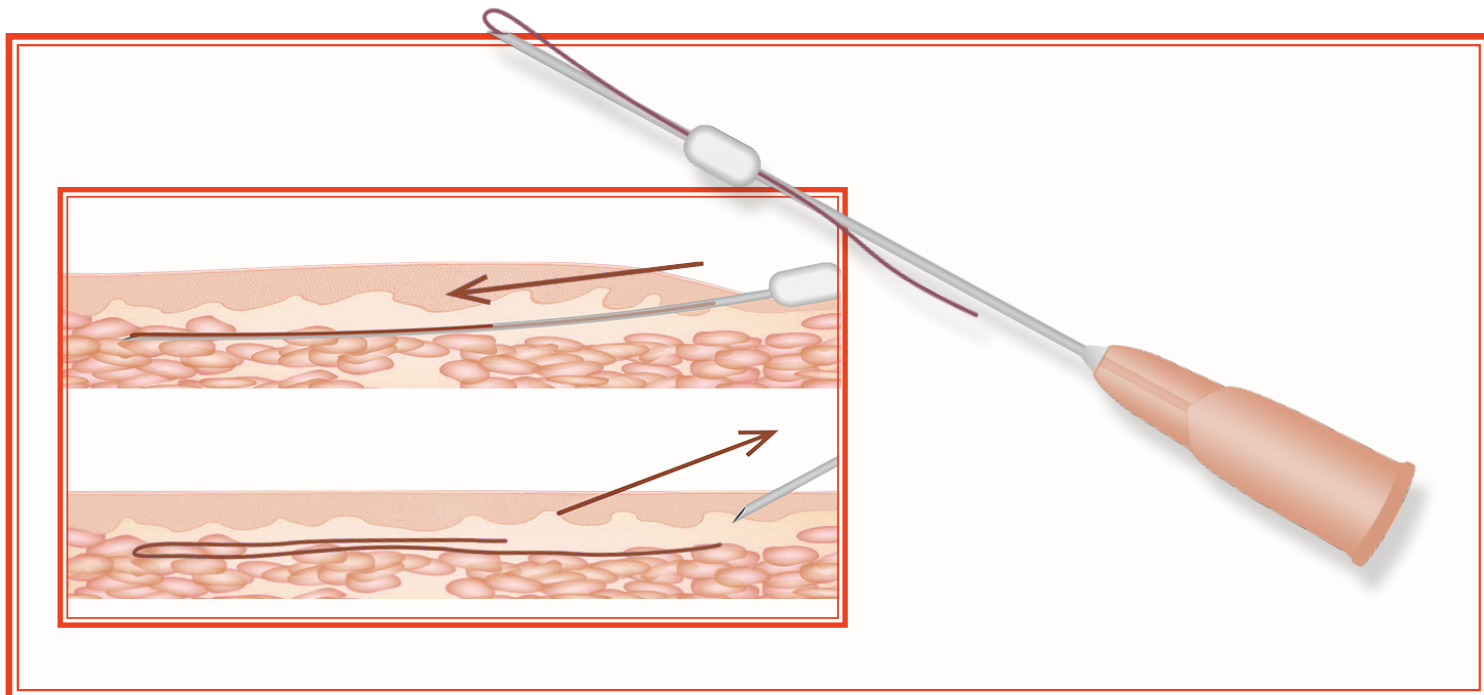

- Increase facial volume
- Improved lip and smile lines
- Augments skin tone
- Skin and pore tightening

PDO thread lifts can also aide numerous other injectable treatment approaches with few contraindications, side effects, and virtually zero down time. PDO absorbable therapy can be employed alone or in concert with botulinum toxin, dermal fillers and platelet rich plasma (PRP).

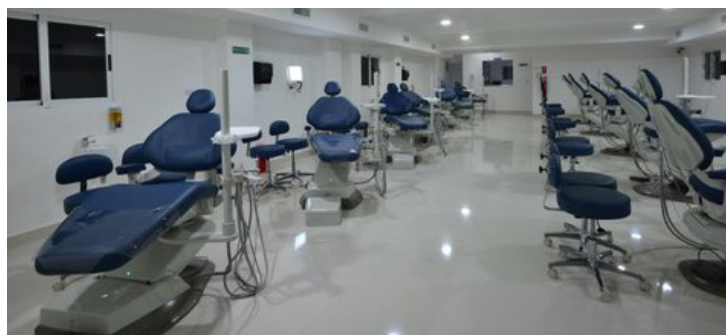

This is an ideal treatment approach for patients with sagging skin and collagen loss in the middle to lower face, negatively impacting the lip, smile and jaw lines from an esthetic and functional point of view. Whether we're talking about sculpting, lifting, and skin tightening of the glabellar region, crow's feet, mid-face, nasolabial folds, marionette lines, jawline, jowl and neck areas, this is a treatment approach from which your patients will greatly benefit.

This 1 day course will include lecture for the first half of the day followed by clinical hands on patient treatments.

## COURSE LOCATION

**Garg Foundation Institute**  
(Fundacion Dr. Garg)

**Av. Bolívar 259, Gazcue,  
Santo Domingo, D.N., R.D.**

## RECOMMENDED HOTEL

### **Renaissance Santo Domingo Jaragua Hotel & Casino**

George Washington Ave. 367, Apto. Postal 769-2,  
Santo Domingo, Dominican Republic

Phone: +1 809-221-2222

\*Ask for the "Fundación Dr. Garg" rate.

**Optional travel package  
available upon request.**

**Course:** LIVE PATIENT - Facial Rejuvenation with PDO Threads

**Dates:** April 28, 2018  
October 27, 2018

**Location:** Santo Domingo, Dominican Republic

**Tuition:** \$3,300

**CE Hours:** 10
