

Derma**l** Fillers

For the Dental Professional

L I V E P A T I E N T

South Beach
Dental Training Institute

Course ... Overview

In this full-day lecture and full-day live-surgery course, participants will become proficient in the use of fillers (Juvederm® and PRP) for facial rejuvenation. Through one-on-one mentored instruction, attendees work hands-on with 4-5 patients during the clinical day to learn step-by-step treatment techniques, including proper tissue depths, patient mapping, and preparation for optimal therapeutic and esthetic outcomes.

Attendees will learn:

Patient assessment, evaluation, and consultation.

Indications and contraindications.

In-depth instruction in the anatomy, neurophysiology, musculature and circulatory system of the oral and maxillofacial areas.

Proper sterile technique for the use of injectable solid fillers.

Safety and risk issues.

How to integrate dermal filler therapy into therapeutic and esthetic treatment plans.

How to create beautiful vermillion borders.

How to smooth, tighten, and lift nasolabial folds, marionette lines, jowls, and the corners of the mouth.

Fee strategies.

Procedures Covered

Agenda

Instructors

Karent Sierra , DDS PA

The “Celebrity Dentist” graduated as a Dentist at Marquette University School of Dentistry in 1999. Specialized in Cosmetic Dentistry at the LVI Global International Las Vegas Institution. With more than 20 years of experience; she owns Sierra Dentistry and Med Spa where she offers treatments such as skin rejuvenation and body contouring treatments with the latest equipment, painless laser hair removal and injectables. She has become an expert in everything beauty and health-related.

Renato Rossi, DMD, PhD

Dr. Renato Rossi is a Maxillofacial Surgeon Chairman of the Department of Oral and Maxillofacial Surgery at the Department of Oral and Maxillofacial Surgery, University of São Caetano - USCS and Universidade Ibirapuera. Renato conducts research in Pathology, Oral and Maxillofacial Surgery and Implantology.

Maria Del Pilar Rios, DMD, MSc, PhD

Dr. Maria del Pilar Rios graduated with a dental degree from the Central University of Venezuela and later earned a Specialty in Prosthodontics at Boston University. Later, Dr. Pilar earned her PhD at the University of Santa Maria, Venezuela. Today she is a full-time instructor at Implant Seminars' 26-chair training facility in Santo Domingo, Dominican Republic. It is in this role where she helps train the next generation of dentists in the latest cutting-edge dental implant training and related procedures.

Arun K. Garg, DMD

Dr. Arun K. Garg earned his engineering and dental degrees from the University of Florida, and completed his residency training at the University of Miami/Jackson Memorial Hospital. For nearly 20 years Dr. Garg served as a full-time professor of surgery in the Division of Oral and Maxillofacial Surgery, and as Director of Residency Training at the University of Miami's School of Medicine. Respected by peers and students alike, Dr. Garg was frequently recognized as Faculty Member of the Year by his residents.

Dr. Garg continues to develop and refine many surgical techniques and devices that simplify dental implant surgery and make it more predictable. Arun is the current president of the International Dental Implant Association. His four private practices are located throughout South Florida.
