materials, hydrate with
PRP, along with
PRP/PRF membranes
and suturing.

Socket Grafting with Extractions and PRP/PRF Hands-On Live Patient Program

WHAT TO EXPECT

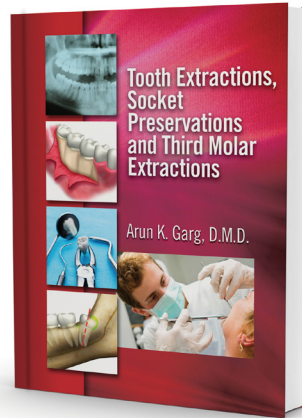

This two-day course provides instruction and guidance focused on a variety of extractions while preserving the ridge with bone grafting. Each attendee will perform approximately 10–18 extractions during the course. All surgeries are performed on actual patients in a clinical setting under the supervision of Dr. Garg's expert faculty.

Attendees will learn how to

- Perform extractions with socket preservation in a variety of case types
- Treat the patients they see in their office every day with confidence

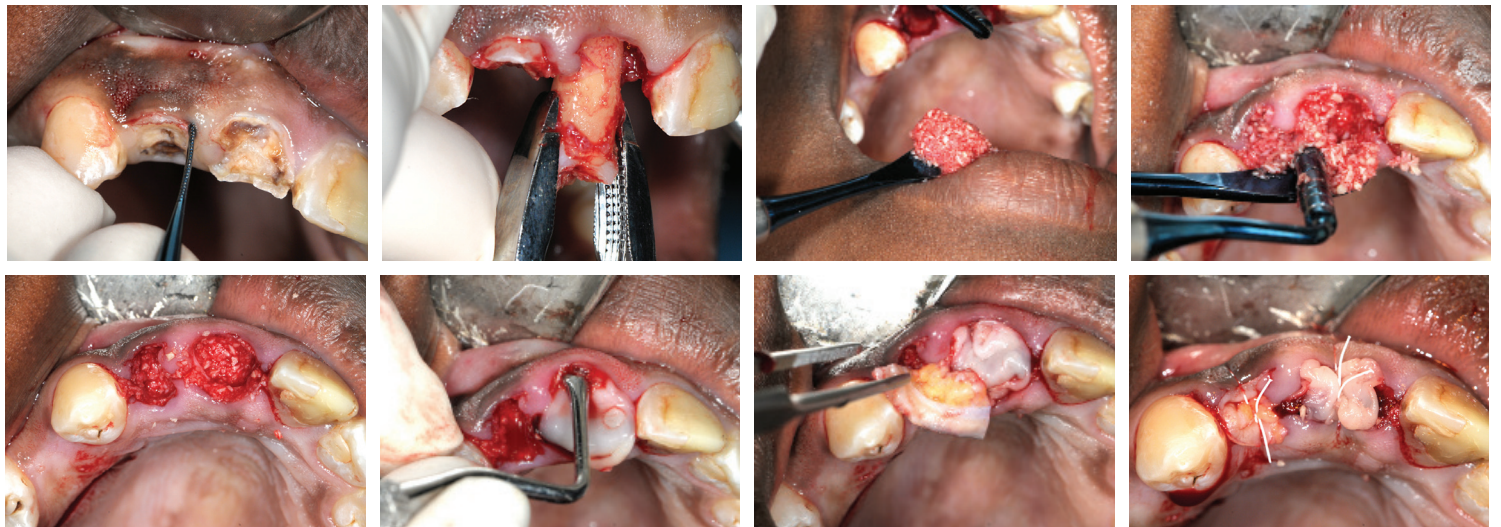

There are ample opportunities for question and answer with the faculty. We have a wide variety of hand instruments as well as hand pieces and electro-motors. Also available are Panorex's, Cone Beam CT scans. All the graft materials, PRP/PRF supplies, sutures, and anesthesia are also provided.

To augment the program further, a 246-page hard covered book is provided on this topic. Use it for your review during the program and as a future reference.

PREPARE FOR AN EXCITING AND HIGHLY REWARDING LEARNING EXPERIENCE!

Course: Socket Preservation with Extractions and PRP/PRF - Hands-on Live Patient Program
